

Safeguarding Policy

Formby High School
Determined To Achieve

Definition of Safeguarding

Safeguarding is the protecting of children and young people from maltreatment and harm, preventing impairment of children and young people's health or development and ensuring that children grow up in circumstances consistent with the provision of safe and effective care.

Policy Statements

- Formby High School will seek at all times to ensure that it meets its obligation to safeguard all young people and adults within the school community.
- The School recognises that safeguarding is about both creating a safe environment in which all young people can thrive and protecting children from deliberate harm.
- The School will ensure it remains fully compliant with legislation and guidance regarding safeguarding and will regularly review and update its practice.
- The School will provide training to staff as appropriate regarding safeguarding.
