Dear Parent

Re: Remote Classroom September 2020

As a new term begins and we embark upon a new way of working in and out of school, please find time to read the following guidance around our approach to setting work for our 'Remote Classroom'.

Our remote curriculum is accessible through two main digital portals.

In the event of a year group 'bubble' closure, lessons for individual teaching groups will be set by individual class teachers using the Class Charts app.

For individual student absences related to Covid-19, links to the weekly 'shadow curriculum' will be posted on the 'Remote Classroom' page our school website:

<https://www.formbyhighschool.com/remote-classroom/>

This might include:

- directions to specific folder/file locations on the S:Drive in order that students can access materials
- directions to complete online learning through organisations such as the Oak National Academy or BBC Bitesize
- hyperlinked 'Loom' videos to summarise the subject learning for the fortnight – a guide to the content to be explored, rather than full lessons.

Please note that all English and Mathematics work is being set by individual teachers on Class Charts and any queries should be emailed to Mrs Perrin or Mr Williams in the first instance.

We hope to establish a regular 'virtual catch-up' meeting with students who are working from home using Microsoft Teams. We will email the session link to parents with full joining instructions and protocols. This will allow us to retain some 'face to face' contact with students.

Please get in touch if we can assist you with accessing our remote curriculum.

Yours sincerely

Mr S Cook
Senior Assistant Headteacher
Teaching, Learning & CPD
