

You will receive 5 lessons per day, each with sufficient content for 45-60 minutes' work. This may be a 'live' lesson or independent work.

Work will be set according to your normal school timetable.

Work will be set by individual class teachers through Class Charts.

Where possible, please print worksheets and stick in your exercise books to ensure you have a record of all work completed.

Use Class Charts to submit work only if your teachers request submission.

INPUT ► APPLICATION

- Teachers will generally plan remote lessons that provide an initial input to introduce new content. This may be via Loom, online videos, reading material or narrated PowerPoint presentations.
- Follow up lessons will then provide activities in which you can practise and apply this knowledge.
