Dear Parents and Students

## COVID-19 Home Testing for Students

Thank you to everyone who has been diligently using their home test kits and reporting their result to school and the NHS. Please keep up the good work!

As you will be aware, the school is provided with home test kits by the Department for Education. We have been advised that we will not be receiving a further delivery this week and have exhausted all but emergency supplies at school. We expect to receive information early next week about our next delivery.

If you have been following our recommended testing schedule, you will probably require a further supply for next week. Thankfully, kits are now widely available, free of charge, from pick-up locations across the area and, in order to prevent any interruption in testing of students, we are asking parents to source a home test kit from one of these locations until our delivery arrives. I would ask that anyone who is due to run out of tests at some point next week should arrange to collect a kit from one of these pick up points. The following locations are based on proximity to the school but should you live further afield, please use [this NHS website](#) to enter your postcode and find your nearest location.

Hough Pharmacy 41 Old Town Lane Formby L37 3HJ	Rowland Pharmacy 15 Chapel Lane Formby L37 4DL	Boots 17-19 Elbow Lane Formby L37 4AB
Primary Healthcare Plus 81 Liverpool Road Formby L37 6BU	Walker Pharmacy 62 Harington Road Formby L37 1NU	Boots 27 Chapel Lane Formby L37 4DL

I will provide more information as and when I receive it. In the meantime, please remember to continue reporting your test results to the NHS and FHS.

I apologise for any inconvenience this may cause and thank you for your continued support.

Yours sincerely

**Miss C Butterworth**  
Test Centre Manager
