

# Formby High School Vision and Values

## Mission

Our mission is to nurture, educate and inspire all our students to become caring, empowered and responsible citizens.

## Values

FHS has a school culture in which aspirations and expectations for every student are high, which builds inquisitive minds, a love of learning and a determination to achieve.

Our school community is founded on positive relationships, mutual respect and inclusivity. Every student will be supported to find their own pathway to be the best they can be, underpinned by a strong work ethic and belief in their ability to act with initiative, independence and courage.

During their time at FHS, students will develop their own potential to engage and participate, to help and value others and to take responsibility within society. Students will leave FHS as confident, resilient, respectful and kind citizens, having acquired and developed the knowledge, attributes and life skills needed to embrace their future.

## Vision (2030)

<p><b>Community and Wellbeing</b></p> <p>By 2030, FHS will be celebrated as a collaborative and outward-looking school, delivering a positive, inclusive, nurturing, and respectful environment for learning and work. It will provide support and care for the wellbeing of students and staff, with personal development integrated into all aspects of school life.</p>	<p><b>Citizens for Today and the Future</b></p> <p>By 2030, a rich curriculum will provide students with the knowledge and skills to thrive in the modern, global society. The school will ensure that students and staff are supported in their personal and professional development, equipping them to take on the challenge of leadership and to make a positive contribution to society as informed and responsible members of their communities.</p>
<p><b>Achievement for All</b></p> <p>By 2030, FHS will be identified by its aspirational and inclusive curriculum, offering diverse and effective pathways allowing every student to achieve their full potential as a result of high quality and passionate teaching.</p>	<p><b>An Environment for Learning and Development</b></p> <p>By 2030, the school will provide the best possible conditions for learning and development in an environmentally and financially sustainable estate, delivering the maximum positive impact for students' learning and extra-curricular opportunities, and the minimum possible negative impact on the environment.</p>
